SUMMARY

A motivated and enthusiastic Computer Engineering student at Thammasat University, seeking hands-on experience through real-world projects. Passionate about full-stack development, with a strong willingness to learn, adapt, and contribute to team success. Eager to apply academic knowledge to practical challenges and grow both personally and professionally.

WORK EXPERIENCE

Teaching Assistant – Introduction to Python, Thammasat University

Jul 14 – Jul 20, 2025

- Assisted students with Python coding questions and concepts during class.
- Provided individual support and graded assignments.
- Managed student records and score input.

Programmer Intern, Somsri Garment Co., Ltd.

Jun 2024 - Jul 2024

- Developed an internal web application for company use, including both frontend and backend functionalities.
- Used Vue.js, Nuxt.js, Tailwind CSS, TablePlus, and Docker.

UX/UI Designer – Tu Reports application (CN333)

Jan 2024 - May 2024

- Designed user interface and experience for a mobile app to report campus issues.
- Created wireframes and prototypes to support development team.
- Focused on usability and clear user flows for student users.

EDUCATION

Bachelor of Engineering in Computer Engineering

Thammasat University

Expected Graduation: May 2026

- Current GPA: 3.19

High School Diploma

Sirindhorn School

Graduated: 2021

- GPA: 3.78

Lower Secondary Education

Buachet Wittaya School

Graduated: 2018

- GPA: 3.98

ADDITIONAL INFORMATION

• Technical Skills :

- Programming Languages and Frameworks : Familiar with Python, HTML/CSS, JavaScript, Java, PHP, and modern frameworks/libraries such as Vue.js, Nuxt.js, and Tailwind CSS. Able to write and manage SQL queries for basic database operations.
- Tools & Platforms : Experienced in using Docker for containerization, TablePlus for database management, Visual Studio Code as the main integrated development environment (IDE), and GitHub for version control and collaboration.

• Languages : Languages: English (Intermediate), Chinese (Beginner; currently studying)

• Certifications :

CHULA MOOC : Database Management with SQL, Cloud Computing for Everyone, Web Page Authoring with HTML and CSS, Programming with JavaScript, Software Project Management Essentials: Techniques and Best Practices
